

Survivors Voice is an international community of men and women who were abused by Catholic clergy in their childhood, and despite suffering the worst betrayal of body and trust, have found that in connecting with each other and sharing their experience, strength and hope, they can soar above their abusers and find empowerment.

Survivors Voice is committed to supporting the empowerment of those who have not yet found their voice, and in doing so, enable them to regain the dignity and joy they so richly deserve.

We know that each human being is unique and irreplaceable, and we celebrate each life that has been saved, each survivor re – born!

At Conway Hall, **Silvia Amodio** will be taking more pictures for her “*Out of the shadows*” exhibition. Stories and pictures of survivors of childhood clergy sexual abuse.

The pictures will be on display at all, worldwide, Survivors Voice events.

Any survivors present, who wish to participate in this exhibition please sign in at the reception desk.

*"The greatest persecution of the Church today, was born from the sins inside the Church, not outside. The Church needs to answer to justice because forgiveness cannot replace justice."*

(Benedict XVI, May 11, 2010)

**Great words, no action!**

*My minions and I will NOT be coming...  
We have demonstrated time after time our inability to deal with the rot within our church and therefore have nothing to bring to the party!!*
